RELEVANT WORK

University of the West of England

Created uwedigitalmedia.com, a website to showcase the work of those studying Digital Media.

Also produced an exhibition catalogue for the Computer Science & Creative Technologies degree showcase.

Commercial Litigators Forum

Enhanced commerciallitigatorsforum.com to accommodate sponsorship information. I worked within the aesthetic of the pre-existing site to produce a WordPress child theme that allowed site admins to add and keep sponsorship information up to date.

Nextnorth

Developed a number of client projects for www.nextnorth.com, including help beaumontsbutchers.com set up an online shop and delivery service.
